

# MEET THE FRYE'S

Looking for their next home.

## A LITTLE ABOUT US?

We're a close-knit family with an exciting new adventure around the corner!

Recently, Andrew was accepted to the University of Waikato's Masters of Digital Business program, which means we're relocating our family from the U.S to New Zealand and we couldn't be more excited!

We're a well-presented, neat and tidy family who take pride in our home's presentation – both internally and externally.

Stacey has a passion for a interior design that results in a home free of clutter and a minimalistic style. Both Andrew and Stacey appreciate a nice outdoor area and do not shy away from house work.

With our can-do attitude, and Andrew's background, we are more than capable of handling minor maintenance items ourselves—with permission..

On the second page of this introduction letter, we'll introduce you to our cats, Mia and Poppy along with further information about them.

We have also included reference letters on our history as home owners and tenants..

Thank you for your consideration and we look forward to hearing from you!

## CONTACT INFORMATION

## OUR FAMILY

### ANDREW

Operations & Analytics Manager-  
Genesys

### STACEY

Certified Counsellor - Private Practice

### AUDREY

11 years old - Enjoys reading & soccer

### ELIJAH

7 years old - Enjoys drawing & legos

## POPPY & MIA

### Our cats

We also have two family cats in toe with us!

Poppy and Mia are 5 years old and well-trained indoor cats.

They are litter trained and have never damaged our home. They are both docile affectionate cats who predominantly spend their time sleeping or cuddling with their favorite human Audrey.
